MESSAGE FROM THE PRESIDENT OF SA MASTERS WATERPOLO ASSOCIATION

It seems hardly possible that another year has come and gone, yet here we are, guests of Port Elizabeth for the 1991 Championships.

Happily I can report that Veterans Water Polo is alive and thriving, proof of this being the number of players here for this weekend. My thanks to all of you for being here and to the Eastern Province Committee for their efforts in organising what I'm positive will be yet another memorable occasion (with or without handcuffs and padlocks!)

Political reforms look set to boost an influx of those players leaving the tour starved top divisions of water polo into our ranks, since it looks probably that in the not too distant future we shall be eligible to compete at the World Masters Championships and to invite teams from other countries to visit us. I believe it is imperative that we actively recruit the younger players, for it is from this level only that we can continue to grow.

Finally, I wish you all good luck, good Polo and above all good fun.

MESSAGE FROM S.A. BREWERIES

S.A. Breweries involvement in the Golden Oldies 1991 Waterpolo tournament is further proof of SAB's commitment to the furthering of sport at all "age" levels.

Although most participants are past their prime I am sure that this will be more than compensated for by the love for the game, camaraderie, enthusiasm and still the will to win.

We at SAB take this opportunity of wishing the organising committee every success in the staging of the 1991 tournament and the best of luck in trying to control and organise 180 exuberant adult teenagers.

RULES OF THE TOURNAMENT

- Players must be over thirty (30) years of age, and not be playing representative waterpolo at provincial level.
- A handicap of one goal per two years difference in average age of teams will be applied.
- During the Round Robin section of the Tournament (Friday and Saturday), play shall consist of two periods of 10 minutes each, with a break of one minute.
- During the Playoff section (Sunday), play shall consist of two periods of 12 minutes each, with a break of one minute.
- In the event of a tie in the Round Robin section, each team shall be awarded one point.
- In the event of a tie in the Playoff section, the result shall be decided by penalties. Each team to have three penalty attempts. If after three penalties, a tie still exists, each team will have alternating penalty attempts on a "sudden death" basis.
- At the completion of the Round Robin, should two or more teams have the same points score within a section, positions will be decided by goal average — ie "goals for" divided by "goals against".

WE'RE DEPRESSED WOUND DOWN AND SAT ON.

That's the Dorbyl Automotive Components Division story in a nut shell. More than 1 000 dedicated people work together manufacturing spring and frame seat assemblies, window winding mechanisms and 300 other different assemblies daily, for the passenger and commercial vehicle market. All backed by local and overseas advanced technology - from fully equipped design facilities through to the finished product.

WE LOVE IT!

You see, at the Automotive Components Division, passenger comfort comes before *anything*. Our main objective is to provide for ideal driving and passenger environment. We want to share the road with you ... in comfort. And because the unseen special touches add that little extra pleasure to your trip, we don't mind our products being hammered along the way ... after all they can take it. And besides, we love it.

What is the world's busiest airport?

The world's busiest airport is Chicago International O'Hare Field, Illinois with a total of 795 026 aircraft movements, 54 770 673 passengers and a take off or landing every 39,66 seconds during 1986.

And it's a fact that nearly every one of those aircraft are on Goodyear tyres. And you thought we only made car tyres.

MALLY RICHARDS

You have no chance of identifying Mally at this tournament from this pre-war photo.

Mally is probably the oldest participating Water Polo player (Goal-keeper) in the country. At the age of 58, he still brings off some fine saves.

His Water Polo career began in 1948 for the Uitenhage Water Polo Club, and he has played there ever since. Mally was first selected to represent Eastern Province in 1952, against Border. The following year he represented Eastern Province at the National Currie Cup Tournament for the first time.

He has played more than 700 matches for this Uitenhage Club, and has represented Eastern Province at 25 National Championships, playing more than 300 matches for Eastern Province.

In his younger days, Mally was an expert at saving penalty shots. He is a versatile sportsman who has played first league rugby for Swifs, hockey for Uitenhage, soccer for Drosdy Park, cricket for Uitenhage and is also a keen squash player. Nowadays he concentrates mainly on his Bowls where his natural competitive spirit has won him many titles. He is also renowned for his sportsmanship and fantastic team spirit.

If Mally ever retires one day (something he has been planning for the past twenty years!) he will be a great loss to the Water Polo world of the Eastern Province.
